Axeman (Beyond Force) (00.00.0000) musician

Axeman, Wed 11 Jul 2007

Interview (MediasRes) of: Axeman/Beyond Force

Handle:

Axeman of Beyond Force

How did you come up with your alias ?

I live in Axeman's Street and I also play the guitar...

City / Country:

Hyvinkaa / Pori, Finland

Born year:

1973

What was your first computer, and when did you get it?

I got my dear old C-64 in 1984 as a christmas present. The best present I've ever got.

How did you get into the scene and what groups have you been a member of ?

I met Frodo of Finnish Gold at local computer store. He was quitting his scene activity and he gave me the address of Spemu of Finnish Gold. I sent couple of empty disks (or maybe a Simon's Basic or something lame on them) to Spemu and he just kept sending me hot stuff trice a week. It took me some time to realize that I was swapping with the legends and the exchange was onedirectional. Finnish Gold gave me a good start.

Soon after that I called Hazor and Beyond Force was founded.

What was the proudest moment in your career ?

An oppurtunity to write scrolltexts to one of the best demos ever: FIG's Contest-demo. Being part of Beyond team in general gives me thrills to my backbone even today. Also the release of my own products Stubido's 1 and 2 was a great personal effort.

I am also proud that I have been able to meet so brilliantly clever and funny people during my scene years. I'm talking about those people who have not lost their inner child as they have grown up.

For what specific reason(s) do you think that you are remembered ?

Using old musics in my parts

What would you like to be remembered for ?

Using old musics in my parts

What made you stop the scene activity ? (and do you remember when?)

I quit back in 1992 because of the army. Scene just wasn't fun anymore when I got back.

Thinking back on the good old days, is there anything you regret?

The fact that I lost a good friendship with Goblin of Light because of a stupid voting dispute. Maybe I'll have change to meet him again...

A lot of great memories. Boozing with Omega Supreme was fun. But absolutely the best memories are from Beyond's and Origo's private meetings. We still gather together couple of times a year. It's always blasting fun.
